

My family & I listen to K-Love every day of the week on 91.1. Their positive message encourages our hearts and lifts our spirits. There would be a very negative effect on our family and community if K-Love is replaced by LPFM. K-Love is the only station that I can leave on for my kids without concern for them hearing inappropriate things and offensive lyrics. Please keep K-LOVE on 91.1 in the Denver-metro area.
